SKILLS

Languages:	C++, C, JavaScript, SQL(MySQL), HTML5, CSS3,
Core Concepts:	Data Structures & Algorithms, Object-Oriented Programming
Frameworks:	React.js, Node.js, Express.js, Tailwind CSS, Socket.io
Tools/Platforms:	MySQL, Git, GitHub, VS Code, Cursor, Codex
Soft Skills:	Team Player, Leadership, Adaptability, Project Management.

PROJECTS

Sprint Room – Real-Time Team Collaboration Platform | [Live](#) June – Present

- Developed **SprintRoom**, a real-time collaboration platform that enables users to create project rooms and communicate seamlessly through live messaging.
- Implemented real-time chat and audio messaging using Socket.IO, providing instant communication and an interactive collaboration experience.
- Built secure user authentication, room management, and persistent message storage to ensure reliable access and organized project discussions.
- Tech Stack:** React.js, Node.js, Express.js, MongoDB, Socket.IO, JavaScript, JWT, REST APIs

Spice Craft – AI Recipe Generator | [GitHub](#) June -July 2025

- Developed **SpiceCraft** an AI-powered recipe generator that creates personalized recipes based on ingredients available at home, making cooking easier for beginners and students.
- Integrated the **Gemini API** to analyse available ingredients, identify missing items, and recommend additional ingredients required for selected recipes.
- Implemented a smart shopping cart feature that allows users to add recommended ingredients instantly, streamlining grocery planning and improving user experience.
- Tech Stack:** React.js, Node.js, Express.js, MongoDB, JavaScript, REST APIs, Gemini API

TRAINING

Hybrid | Full Stack Web Dev | [Cipher Schools](#) Jun – Jul 2025

- Completed **8-week** hands-on training in Full Stack Web Development (MERN Stack), gaining practical experience with **6+ core technologies**: HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Built and deployed dynamic, responsive web applications featuring user authentication, CRUD operations, API integration, and Git and GitHub for version control
- Developed "**Spice Craft – AI Recipe Generator**", a MERN-based web application that enables users to generate recipes and discover **100+ dishes across multiple cuisines** based on available ingredients through API integration, dynamic UI rendering, and database-driven functionality.

CERTIFICATES

- | | |
|--|----------|
| Industry-Oriented Program in Data Structures & Algorithms & DevOps – Cipher Schools Link | May 2026 |
| Full-Stack Development – Cipher Schools Link | Aug 2025 |
| Object-Oriented Programming (72 Hours) – LPU × Iam neo Link | Apr 2025 |

ACHIEVEMENTS

- Solved 150+ DSA problems on LeetCode and GeeksforGeeks.
- Selected in the S1 Student List, recognizing academic performance among the top 11% of students at Lovely Professional University.
- Ranked among the Top 10 teams in the Hack with Vertos Hackathon

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.54	Since Aug 23
GMT Public School	Ludhiana. Punjab
Intermediate; Percentage: 74%	Apr 22 - Mar 23
GMT Public School	Ludhiana. Punjab
Matriculation; Percentage: 87%	Apr 20 - Mar 21
